The Greatest Showman - A Million Dreams

```
Verse 1:
G          D              Em
I close my eyes and I can see
                 C              G
The world that's waiting up for me
       D       C
That I call my own
G           D                 Em
Through the dark, through the door
              C                G
Through where no one's been before
        D         C
But it feels like home

Pre-Chorus Ziv Zaifman
D                      Em      D          C
They can say, they can say it all sounds crazy
D                      Em      D         C
They can say, they can say I've lost my mind
D                      Em      D        C
I don't care, I don't care, so call me crazy
D                 Em        D    C
We can live in a world that we design

       G
'Cause every night I lie in bed
      D
The brightest colors fill my head
  Am                            C
A million dreams are keeping me awake
  G
I think of what the world could be
```

```
  D
A vision of the one I see
  Am                              C
A million dreams is all it's gonna take
N.C.
A million dreams for the world we're gonna make
```

Verse 2: Ziv Zaifman

```
G         D            Em
There's a house we can build
      C               G
Every room inside is filled
     D               C
With things from far away
G            D           Em
The special things I compile
          C                 G
Each one there to make you smile
      D    C
On a rainy day
```

Pre-Chorus Ziv Zaifman

```
D                      Em      D          C
They can say, they can say it all sounds crazy
D                      Em      D          C
They can say, they can say we've lost our minds
D                      Em      D          C
I don't care, I don't care if they call us crazy
D             Em         D    C
Runaway to a world that we design
```

```
G
Every night I lie in bed
```

```
    D
The brightest colors fill my head
   Am                            C
A million dreams are keeping me awake
  G
I think of what the world could be
   D
A vision of the one I see
   Am                               C
